NTEC Community Benefit Fund

\$2.3 million invested in Navajo communities

NTEC CBF at a Glance

NTEC's Community Benefit Fund (CBF) is an annual micro grant fund designed to help Navajo communities and people improve their quality of life. NTEC donates up to \$300,000 annually to CBF projects. In 2024, NTEC CBF funded 37 projects from throughout the Navajo Nation and surrounding communities.

Since NTEC created the Community Benefit Fund in 2016, NTEC has given more than \$2.3 million to Navajo Chapters and non-profits with projects that support the Navajo people and communities.

The Community Benefit Fund is another way NTEC keeps an eye on the future to ensure that emerging social, economic, and environmental needs are addressed in a self-sustaining manner.

Each year, NTEC opens the application period with an informative workshop. The workshop helps applicants understand the goals of the Fund and how to apply.

The applications are reviewed by a committee that reviews projects based on a number of different scopes. Once selected, the winners are announced and celebrated with a luncheon.
